Wherever you are in Cumbria you can enter your community into one of our competitions and engender Pride in Your Community

RHS It's Your Neighbourhood

The RHS It's Your Neighbourhood (IYN) campaign supports community groups in cleaning up and greening up their immediate local environment - whether that's the street they live in, or a small patch of communal land needing a revamp.

More than 1,600 groups already take part around the UK. It's free to join and each group receives an annual visit from an IYN assessor who provides feedback on how further improvements can be made.
