Defibrillator

The Parish Council have secured the donation of a defibrillator for Cummersdale Village this is a life saver and will be a huge benefit to the local community should an emergency situation ever arise. This has been provided by "Tic. Toc". For which we are very grateful. The defibrillator is to be sited outside the Village Hall on the wall, and will be installed in early June. It is vital we have volunteers from the village who are trained to use the equipment, We will be providing a number of training sessions in the Village Hall during May for volunteers wishing to receive training on how to use the equipment or who just may just wish to gain an understanding of how this will benefit us. Dates will be notified on village notice boards.
